A PARTNER FOR EVERY JOB

From capable load-lugger to versatile people carrier, the PROACE offers solutions you can trust to meet every job.

PROACE Long-Panel van

Cargo volume: **6.6 m³***

Payload: **1200/1400 kg**

* With Smart Cargo.

LENGTH

WIDE CHOICE EQUALS SMART SOLUTIONS

With a total of 11 body styles and length combinations, plus a selection of door configurations, the PROACE gives you the choice to fit your needs best.

From small start-up to growing enterprise, whatever the size of your business, you'll find the PROACE is designed to be every van you need. Thanks to an extensive choice of combinations including: five body styles, three lengths, a choice of four or five doors and three configurations of rear door* – you can be confident the PROACE has the solution for every job.

* Refer to range availability on pages 30–31.

PLATFORM

LOAD SPACE TO HANDLE EVERY DEMAND

Impressive capacity, practical access and three lengths mean the versatile new PROACE has enough space for the widest range of loads.

The all-new PROACE Compact is the perfect workhorse for tight jobs. Its unique small 4.6m body sets new standards, providing the largest cargo space in its class and, with the Smart Cargo load-through bulkhead opened, also the longest at a surprising 3.3m, giving you unbeatable volume and payload capacity. Class-leading access is provided by a low-loading floor and wide opening sliding side doors and rear doors, while best-in-class payload capacity and turning circle mean you can carry even more.

If your demands are even greater, then the extra capacity of PROACE Medium and Long models will have it covered with body lengths increasing to 4.9m and 5.3m respectively.

The all-new PROACE Compact is the perfect workhorse for tight jobs. Its short 4.6m long body houses best-in-class cargo space to provide unbeatable volume and payload capacity.

2 or 3 seats  / 

PROACE Compact

WORK SMART, WORK COMFORTABLY

Comfortable interiors, intelligent mobile office solutions and practical loading features make the new PROACE a smart place to work in.

A smooth and quiet drive, supportive seats and a compliant ride help you to soak up long distances at the wheel, while the PROACE Compact's impressive front-seat configuration allows three people to sit together in comfort. The innovative Smart Cargo option which combines three features – Mobile Office, upright folding front seat and Smart Cargo load-through bulkhead – enhances the PROACE's cabin with useful practicality.

The PROACE's optional navigation system is equipped with 10 years' Connected Services, so wherever you are, you can concentrate on the job at hand while enjoying having the information you need at your fingertips.

The PROACE's Smart Cargo option features a two-person front bench and Mobile Office solution to give you valuable flexibility when you need to carry passengers – and the convenience of a table when you don't.

Providing an additional load length of 116 cm, while still accommodating two people up front, the PROACE's optional Smart Cargo load-through bulkhead will certainly go to extra lengths for you.

The PROACE's optional under-seat storage solution offers you and your passengers a convenient home for daily apparatus, stored neatly inside the front bench seat (storage capacity is reduced when equipped with Smart Cargo option).

The PROACE Long is available with 235° opening split rear doors to help make the loading and unloading of the most demanding loads easy, however challenging the conditions.

The PROACE's optional high-resolution Pro-Touch navigation system comes complete with Connected Services for 10 years. This features: real-time traffic, TomTom places, weather, parking, fuel prices and danger zones (speed camera) alerts.

FUEL-SAVING POWER

Advanced diesel engines and smooth transmissions combine cost-saving fuel efficiency with great driveability.

With a complete line-up of advanced diesel engines and smooth transmissions, the PROACE gives you power to match its load-lugging ability and fuel efficiency that you'll appreciate at the pumps. With two responsive diesel engines to choose from – 1.6 and 2.0 litre; five power outputs – from 95 DIN hp to 177 DIN hp; and four transmissions – 5- and 6-speed manual, 5-speed MMT and 6-speed automatic, there's a powertrain for every professional. By incorporating Stop & Start technology across the range*, the PROACE offers impressive fuel economy and CO₂ emissions from 133 g/km[§].

* Not available for 1.6 litre 5 M/T and optional for 2.0 litre, 122 DIN hp models.

§ Combined cycle.

The PROACE's Toyota Traction Select (TTS) system offers superior traction and non-skid performance on all road surfaces, such as snow, ice, mud and sand to keep you safe and in control whatever the conditions.

§ With Stop & Start.

Lane Departure Alert will warn the driver if the vehicle starts to deviate from its lane.

Manoeuvre more safely during lane changes with Blind Spot Monitor system.

Automatic High Beam is designed to optimise visibility during night driving. It switches automatically between high and low beam for safer night-time driving.

PROACE

SCAN THIS QR CODE.
Find out more on Toyota Safety Sense.

Pre-Collision System^s with Pedestrian Detection uses millimetre-wave radar and a camera to detect vehicles or pedestrians and help avoid collisions.

The PROACE was awarded a 5-star rating* from the safety testing organisation Euro NCAP.

SAFETY AT WORK

A range of advanced safety features helps to keep you and your passengers out of harm's way.

When your business takes you on the road every day, you want to know that you're travelling in safe hands. With Toyota Safety Sense in the new PROACE, you're doing just that. Available in two optional Toyota Safety Sense packages, the wide range of innovative safety systems help to keep you safe.

Toyota Safety Sense Package 1

- Lane Departure Alert
- Road Sign Assist
- Automatic High Beam
- Driver attention alert

Toyota Safety Sense Package 2

- Adaptive Cruise Control
- Adjustable Speed Limiter (ASL)
- Pre-Collision System[§] with Pedestrian Detection
- Cornering lights

Completing the line-up of safety systems is Blind Spot Detection; parking sensors and rear-view monitor are also available for easier and safer parking. Combining all these features with a 5-star* EuroNCAP safety rating makes the PROACE a safe place to spend a busy working day.

* Combi models only.

[§] Technical name: Pre-Crash Safety System. Combi models only.

Supplemental Restraint System (SRS) airbags

This model is fitted with four airbags* including SRS airbags for both driver and front passenger, and side airbags for the front seats.

Driver Attention Alert

The Driver Attention Alert triggers a visual and audible warning when it detects the vehicle hasn't stopped for two hours at speeds above 65 km/h. For further reassurance, the Fatigue Detection System watches for variations in the vehicle's road positioning and escalates further warnings to the driver to 'Take a break!'

Adaptive Cruise Control

Toyota Safety Sense's Adaptive Cruise Control keeps a minimum preset distance from the vehicle in front. If this distance falls, the system reduces the speed. If the distance increases again, it will gradually accelerate until the vehicle returns to your chosen cruising speed.

Anti-slip wooden floor protection

TAILORED FOR YOUR BUSINESS

Whatever your business, whichever PROACE model you drive, genuine Toyota accessories give you flexibility to personalise your vehicle's practicality and load-carrying. Each accessory and all its details combine to make your life easier, more efficient and much more rewarding.

Roof platform, aluminium

A strong yet lightweight aluminium structure with an integrated rooftop walkway and full width ladder roller.

Customised interiors

Toyota accessories give you choices for customising the interior of your PROACE. There are options for protection, insulation and security to suit a wide range of business needs.

Roof rack bars

The easy-to-fit lockable bars combine to form a base for carrying items such as bicycles or luggage and ski boxes.

Fixed towing hitches

These towing hitches let you make full use of your PROACE's powerful towing capacity. A detachable towing hitch is also available and this has a hook that removes when not required.

Visit www.toyota-europe.com or pick up a brochure at your local Toyota retailer for details of the full range of accessories.

PROTECTION

Wind deflectors

Minimise wind noise and turbulence inside the cabin when driving with open windows.

Side bars, stainless steel

The distinctive tubular stainless steel bars give an extra dimension of style while also guarding the side panels against minor impacts.

Mud flaps

Designed to minimise water, mud and stones spraying onto your PROACE's body. For the front and rear.

Alloy wheel ProTect*

ProTect's silicium-based coating shields alloy wheel surfaces against marks and grime caused by brake dust, road conditions and the weather.

**Body ProTect***

Helps maintain the showroom appearance of exterior paintwork and side windows by sealing the surfaces with an invisible ceramic hard coating.

**Fabric ProTect***

A tough yet invisible protective coating for textile seats and cabin carpets. It is hypo-allergenic and allows dirt to be wiped away without staining.

Visit www.toyota-europe.com or pick up a brochure at your local Toyota retailer for details of the full range of accessories.

**Rear bumper protection plate, stainless steel**

Custom-designed with a wrap-over edge to shield the rear bumper against scratching when loading or unloading.

Flanged towing ball

Designed for regular towing. It features a flanged assembly to dissipate towing stresses.

* Toyota ProTect requires professional application by trained Toyota personnel. Contact your local Toyota retailer for details.

The fuel consumption, CO₂ and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

Complete peace of mind with Toyota

Quality Service

Your Toyota retailer will advise you on your car's service requirements. It will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimise your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labour time is less and pricing is competitive.

Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimise the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labour.

Genuine Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new car. All accessories are covered by a 3-year warranty when purchased together with the vehicle*.

Comprehensive Warranty

Every new Toyota comes with a 3-year/100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorised Toyota repairer will also be covered. In addition, a 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion warranty (not valid for commercial vehicles) against perforation of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Eurocare

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years[§]. If you experience a problem with your vehicle, Toyota Eurocare offers several possibilities to keep you on the road.

Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test. The alarm system and engine immobiliser are approved by all of Europe's major insurance companies.

* Check with your retailer for specific warranty details. [§] Belgium 5 years/Portugal and Denmark 1 year.

TOYOTA SERVICE

Trained technicians, proven expertise and unrivalled customer care: welcome to Toyota Service.

With Toyota Service you can relax knowing that we know your car better than anyone else. After all, we designed it, produced it and use only trained technicians and consultants to take care of you and your Toyota.

- Toyota technicians are trained to the highest standards
- Only original parts are used
- Highest levels of service and customer care
- Continued value for money
- The convenience of Online Service Booking

Toyota Business Plus

Welcome to Toyota BusinessPlus – your business partner committed to your success and dedicated to exceeding expectations.

Our rich heritage and experience of producing commercial vehicles means the new PROACE will be a cost-effective addition your business. To ensure you find the perfect vehicle, the trained consultants in our Authorised Retailers will guide you through the range of configurations, accessories and conversion solutions so you can find the perfect PROACE for your needs.

The cost-saving benefits of PROACE include:

- Favourable residual values
- Best-in-class CO₂ emissions
- Leading fuel efficiency

The Toyota BusinessPlus Promise:

- Wide-ranging solutions for every business need
- A quality experience at every stage
- A global reputation for quality and reliability
- Tailored advice and one-on-one support
- A partnership that's built on the long-term
- A commitment to technological and environmental innovations

ALWAYS A
BETTER WAY

PROACE. A PARTNER FOR EVERY JOB.
